

MARIETTA COLLEGE

BROTHER TO BROTHER

Brother to brother is an organization dedicated to the professional and social development of young men of color and friends, providing opportunities to discuss topics of interest and a safe haven for members. We emphasize creating an environment that offers a range of perspective by popularizing acceptance, respect for one another, and education through constant events, meetings, consulting practices, etc.

This is not only an opportunity to better our campus community, but also serves as an incredible life experience, resume builder, and educational adventure.

We are an open-minded, non-judgmental organization that is comprised of a united front of men. We strive to influence these values and goals within the Marietta College community and beyond.
