Final: Friday, Dec. 12, 12:00 to 2:30 PM

Lab Practical: Friday, Dec. 12; 3:00 to 5:30 PM

Note: Lab practical may be held earlier, weather permitting.

I know it is inconvenient to have the final on this day. DO NOT PURCHASE AN AIRLINE TICKET TO FLY ON THIS DAY – Likewise, tell potential rides that you will NOT be able to leave until after the practical. Because of the nature of the practical, it is NOT possible to take it earlier in the week.
