

National History Day in Ohio

History Day is an exciting co-curricular program that encourages middle and high school students to explore a historical subject related to an annual theme. Students make history come alive as their research leads to imaginative exhibits, original performances, media documentaries, research papers, and web sites.

This year's subject is "Diplomacy and Debate in History." Students can find resources for their projects at their local school and public libraries. Specialized resources might be located at nearby college/university libraries and historical museums.

Students in grades 6-12 compete in History Day events at the district, state and national levels. Historians, educators and professionals in related fields evaluate students' work at each stage. Winners at the district level go on to compete at Ohio History Day in Columbus, scheduled for April 30, 2011. Award-winning entries at the statewide Ohio History Day are eligible to participate in the National History Day event held in June in Washington, D.C.

District Ten includes these counties:

Belmont, Coshocton, Guernsey, Monroe, Morgan, Muskingum, Noble, Washington.

District Ten competition date and place: **March 19, 2011 at Marietta College**
