To see me: If I'm in my office, come on in! If not, write your name and phone number in one of the blank white areas on the schedule. The gray areas might be available, but talk to me before scheduling yourself for an appointment at one of those times. Friday mornings I try to get out to the field station, weather permitting. If the weather is bad, I will be in my office; if not I will probably be at the field station. You can sign up for these times, but if I'm not there you'll know why.

If I'm not in my office (242), try the zoology lab (room 280).
