Math 123, Section 04 Name:_____
Quiz 2 - February 8, 2008

1. Use the frequency histogram below to determine the following:

   (a) determine the number of classes.

   (b) estimate the frequency of the class with the least frequency.

   (c) estimate the frequency of the class with the greatest frequency.

   (d) determine the class width.

2. Explain why the following graph is misleading and redraw the graph so that it is not misleading.

3. The letters A, B, and C are marked on the horizontal axis. Determine which is the mean, which is the median, and which is the mode. Justify your answers.
