

WELCOME TO MARIETTA COLLEGE'S ONE HUNDRED EIGHTY-EIGHTH ANNUAL COMMENCEMENT

With roots that reach back to the 18th century Muskingum Academy, Marietta College was officially chartered on February 14, 1835, by the State of Ohio as an institution charged with educating youth in all the various branches of the liberal arts and sciences. From the beginning, Marietta has been an independent, nonsectarian, liberal arts college.

Today's graduates share a common foundation of courses in written and spoken communication, and have been required to acquire a coherent experience in several fields of study. Moreover, each has pursued the in-depth study of a discipline in one or more of over 40 undergraduate and graduate programs. Marietta College grants degrees to these individuals, confident they have been readied to exercise their callings with competence and to fulfill their civic and social responsibilities with understanding.

The individuals receiving degrees today will join more than 26,000 living Marietta College alumni as members of The Long Blue Line.

COMMENCEMENT SPEAKER

CHARLES BARTON GULLONG '70

As a Marietta College student, Bart Gullong made a commitment to not "accept things the way they were." Living a life that is a credit to the pioneer spirit, he has succeeded in making differences that have changed the world.

As an English major and rower at Marietta, Gullong developed a sense of self and a personal mission that influenced every endeavor he has pursued since graduation. With successes that include introduction of life-saving products, designs that changed air transportation, and actions that helped lead to Title IX equality for women in sports, his achievements exemplify how the foundation of a liberal arts education and a commitment to make a difference can change the world.

As co-founder and former Chairman of the Board of Z-Medica, Gullong, with his partner, Frank Hursey, introduced QuikClot, a product that revolutionized how people suffering from life-threatening blood loss due to injury are treated. QuikClot has saved thousands of lives and decreased battlefield deaths from injury by more than half.

Gullong was also a rowing coach, whose teams won state and national titles and were world championship competitors. He served as Dean of Students at Southampton College, and he helped design the Space Shuttle's fly-by-wire system, which is the way that nearly every commercial airplane is flown today.

*As a courtesy to the graduates and those in attendance today, please turn your cell phones to vibrate.
We also ask that all family photographers remain in their seats when taking photos or go to the assigned area off to the left of the stage.*

“Measure Me Sky”

Written By: Elaine Hagenberg

Measure me, Sky!
Tell me I reach by a song
Nearer the stars;
I have been little so long.

Horizon, reach out!
Catch at my hand, stretch me taut,
Rim of the world:
Widen my eyes by a thought

Sky, be my depth
Wind, be my width and my height,
World, my heart’s span:
Loveliness, wings for my flight.

ALMA MATER**

"Time-Honored Marietta"

Turner (MC 1901)/Tannenbaum

Time-honored Marietta,
Thy walls to us are dear.
Oh! How can we forget thee,
Or the times that we've spent here?
Thy name we'll ever cherish,
And for thy banner fight,
Nor ever let it perish—
The Navy Blue and White!

Gladly do we sing thy praises
And of thy heroes tell—
How many brave hearts struggled
Because they loved thee well.
'Twill be our firm endeavor
To stand up for the right,
Protect, and keep thee ever,
O Navy Blue and White!

Chorus:

Thy dear name we'll ever cherish,
And for thy banner fight,
Nor ever let it perish—
The Navy Blue and White!
