

Marietta College Hazing Transparency Report

Marietta College is committed to preventing hazing in all campus-sponsored activities and events. On December 23, 2024, President Biden signed the Stop Campus Hazing Act (SCHA) into law. This bill requires institutions of higher education that participate in federal student aid programs to report hazing incidents into a Campus Hazing Transparency Report.

The Campus Hazing Transparency Report is not an exhaustive list of all document reports and/or investigations by the College. The SCHA report includes incidents for which a formal finding of one or more hazing-related policy violation(s) was determined.

Marietta College reports no hazing violations for the period of August 1st, 2019 to present.
