Dear Graduate and family:

Bruce Heflin Photography will be taking pictures at Commencement. At the commencement ceremony, each graduate is photographed receiving their diploma. A picture will also be taken of them individually holding their diploma.

Before and after the ceremony, photographers will be roaming around taking candid pictures of the graduates with their families and friends.

Here is how our new service works. Scan the QR code below or copy and paste the link to register for pictures. This works with any cell phone. It will give you instructions once you are on the app. Graduates can register anytime between now and graduation day. When asked to upload a picture, it is easiest to just take a selfie. (Selfie of the graduate alone, close up.) We recommend Do Not use emails with EDU. They sometimes will not handle the large image files and usually send messages to Spam. We will also make the QR code available when they check in for the ceremony graduation day. You can list up to 14 cell phone numbers or emails. The images will be sent to all of them at the same time. Images will be sent out by email and text before the next day.

We hope this new program will enhance our service to the graduate and their families. No one is under any obligation to purchase anything.

If you have any questions, please feel free to contact our office at brucelheflin@gmail.com

Thank you:

Bruce L. Heflin
